AMALGAMATED FLYING SAUCER
CLUBS OF AMERICA, INC.
IS - MISCELLANEOUS

The Philadelphia Division by letter dated 9/22/66, furnished the Los Angeles Division with Issue No. 24 dated July, 1966, entitled "FLYING SAUCERS INTERNATIONAL", which is the official journal of the Amalgamated Flying Saucer Clubs of America, Inc. The Philadelphia Division received the magazine from Mr. JARVIS H. COOPER, IRS, 401 North Broad Street, Philadelphia, Pennsylvania on 9/19/66. Mr. COOPER stated he subscribed to the magazine because his son had exhibited an interest in flying saucers and outer space. He said that on pages 2 and 3 of Issue No. 24 was an article which he believed expounded the Communist Party (CP) line.

For the information of the Bureau, the International Headquarters of the Amalgamated Flying Saucer Clubs of America, Inc. is located at 2004 North Hoover Street, Los Angeles, California. The article, on pages 2 and 3, were allegedly written by Master KALEN-LI RETAN, Head of the plant KORENDOR, which was received on 5/4/66 by special directional short-wave radio by BOB RENAUD.

The indices of the Los Angeles Division contain no information identifiable with RENAUD, and no investigation has ever been conducted on captioned organization.

No further action is contemplated in this matter by the Los Angeles Office, UACB.

The foregoing is furnished to the Bureau for information.

JULY, 1966

BRIGHT WORLD IN HANDS OF SAUCER MOVEMENT

(Editor's Note: This special message was received from Master Kalen-Li Retan (head of the planet Korendor, about 400 light years distant) on May 4, 1966 via special directional short-wave radio by Bob Renaud, the young electronic-technician whose remarkable story we printed in issues #18, 19, 20, 21, and 22, and which will be continued in our next issue.

Since Bob's initial radio contact in 1961, he has talked with the crew of a spacecraft as he watched them on his special TV screen in his home — and eventually met his contacts in-person; visited their undersea and underground bases on our planet; was taken aboard many of their spaceships; and was actually allowed to pilot two of their small scout craft — one on a short solo flight.)

"Kalo (Hello), friends. We will get directly to the point of our message to you. Frankly, we are appalled at the state of Earth at present. Despite our constant warnings and even our actual intervention in some instances, the condition upon your planet grows steadily worse.

One subject on everyone's lips these days is Vietnam. From a little civil war, it has grown steadily and inexorably into a full scale conflict between the world's three major powers: the United States, the Soviet Union, and Communist China.

Many influential people have used the approach of patriotism and love of God and Country to twist decent human feelings into dangerous channels of thought and action. With their charges of treason and sympathy with the enemy, they have aroused a good portion of the populace to a state of fear, distrust, and hatred of those who seek peace and love. Unfortunately, because some unconventional individuals have been associated with the peace movement, that entire operation has been seriously hindered.

Your government is a military puppet, a mere parrot of the monstrosity that is the Military-Industrial complex. Your senators, except for a few, are robots, speaking what they are told to say.

Your President is, unfortunately, a pawn of their needs and demands. We have contacted him several times concerning the state of affairs, and he has said that he could do nothing to change them, for if he were to speak out against the Asian conflict, he would be removed. This is what happened to the late Mr. Kennedy who, in his great humanitarianism, was reluctant to sacrifice his ideals and his visions for the sake of the Military Industrial octopus. He paid the supreme penalty for his efforts in behalf of

humanity.

Make no mistake. Your government is not in the White House or the Congress. IT IS IN THE PENTAGON, AND IN THE HEADQUARTERS OF THE VAST "DEFENSE"-ORIENTED INDUSTRIES. It is THEY, not the President or the Congressmen, who run the United States. The facade government is merely to allay undue alarm or suspicion of the people.

Examine another aspect of the Asian war, the ECONOMIC side. Do you recall that, in the stock reports just recently, the Dow-Jones average dropped sharply BECAUSE OF A RUMOR THAT NORTH VIETNAM HAD MADE A PEACE BID? Does the staggering implication of this news evade you? Stock prices suffering a heavy loss because of a rumor that peace might come to pass!

This thought is most distressing. Your economy relies so heavily upon war and destruction, that if it were to stop, THE UNITED STATES ECONOMY WOULD SUFFER A MASSIVE DEPRESSION! Your money system would collapse like a house of cards. Millions would be unemployed, sick, hungry and homeless. Tremendous industrial complexes would close their doors.

The utterly appalling fact is this: WAR IS PROFITABLE. Highly so! Every major conflict has been accompanied by a strong peak in your monetary prosperity. Peace has usually been economically painful!

After World War I, the nation coasted for a while upon the fat put on during the boom of the war years. In 1929, the bottom fell out. After the Korean War, in the 1950's came another recession. What comes after Vietnam? No one knows, and no one wants to find out. The war in Vietnam is bringing an unheard-of degree of affluence in the United States. Why kill a good thing by ending the war? The philosophy, in essence, is this: It is economically expedient to send military forces to Vietnam and elsewhere in Asia in order to wage war, because in doing so, the United States' economy is bolstered and maintained at a high level of prosperity; human life is secondary to the preservation of economic well-being!

It is thus evident that, unless a drastic change is made in the structure of your economy, war will never end because the Military-Industrial complex WON'T LET IT!

Many of you fear Communism. Where did that fear come from, I ask you? From within yourself? NO! It was brainwashed into you by the Military-Industrial complex. Who controls all your news media? The government and the advertisers. Who, then, is in a position to dictate what shall be printed?

PAST CONVENTIONS & SAUCER ACTIVITIES:

FEBRUARY 5, 6, 1966: Dr. Frank E. Stranges' 4th Annual UFO Space and Science Convention was held at the Blarney Castle Inn Annex in Los Angeles.

JUNE 4, 5, 6, 1966: Dr. Daniel W. Fry's Man in Space Symposium took place at Dunsmuir, near Mt. Shasta in Northern California.

JUNE 25, 26, 27, 1966: Buck Nelson's 10th Annual Spacecraft Convention was held at Buck's Mountain View Ranch; Route 1, Box 236; Mountain View, Mo.

BACK ISSUES of UFO INTERNATIONAL are now selling 11 issues for \$3.00, while they last (issue #11 is now out of print). There is much timeless and valuable information available in these magazines.

OUT OF PRINT: 1. FLYING SAUCERS: TOP SECRET by Major Donald E. Keyhoe is now out of print, although it is listed in our new brochure. (Some saucer books have occasionally gone out of print without notice.)

2. BACK ISSUES #6 and 11 are now out of print. We still have only a few copies left of #9 which we have priced at \$1.00 each in an effort to preserve them for serious researchers and collectors. Please do not order these items, or any other materials which we do not advertise.

PRICE CHANGE: The price has gone up on two of the better known books in the saucer field, which we must now order from England: 1. THE SKY PEOPLE by Brinsley le Poer Trench, was \$4.65. It is now \$5.10, postpaid. 2. ROAD IN THE SKY by George Hunt Williamson, was \$4.15. It is now \$5.10, postpaid. California residents please add 4% tax.

"UFOI" ISSUE #23 CORRECTIONS: Page 4, line 3: the date should be April 24, 1964, instead of 1965. On page 4, line 1 of the 7th paragraph, insert "later, via telepathy" after "They told him ---."

SEATTLE, WASHINGTON area residents please note: AFSCA Unit #25 meets every 4th Friday at the Seattle Public Library, Room 325 at 7:30 P.M., under the capable direction of Mr. Leverett G. Tallman. The meeting is free, and all who are interested in the Flying Saucer subject are invited to come to listen and to participate in the discussion.

ZIP CODES ARE IMPORTANT: If the address label on this magazine does not have your zip code number on it, please notify us as to what your number is. If you don't know your number, call your local Post Office and then let us know. Thanks!

AFSCA BROCHURES AND SAUCER-PHOTO POST CARDS, sent to friends and acquaintances, are a good way to help spread the word about Flying

Saucers. Brochures are 1¢ each (this just about pays the postage to mail them to you). Saucer post cards are 50 for \$1.00.

WHEN WRITING AFSCA, if you wish a personal reply to a specific inquiry, please enclose a stamped, self-addressed envelope. No replies can otherwise be sent. General information may be obtained via our brochures and magazines. We are sorry that we cannot have a lengthy correspondence with all the hundreds of persons who would like us to do so, but unfortunately we have neither the time nor the staff for it — and our mail has been greatly increased in the last few months.

SAUCER NEWS CLIPPINGS: Your response has been wonderful! We've received so many clippings from you helpful people that we simply hadn't enough space to print all your individual names and cities. So we say a big and sincere THANKS to all of you. And please do keep 'em coming! (One reminder: please DON'T write on or near the clippings.)

WEDDING BELLS rang on Saturday, June 4, 1966 for contactee Elary J. Willsie and Sophia Martinez Olivares of Mexico City. The ceremony took place at Los Angeles, California. Among those present were Sophia's parents and her younger sister, all of Mexico City; Mrs. Maud Willsie, mother of the groom; and your editor, who was also official photographer for the occasion. Mr. and Mrs. Willsie will live in Los Angeles. Congratulations and best wishes, Elary and Sophia!

MEL NOEL, former Air Force Lieutenant and fighter pilot, is fast becoming very well known for his lectures on his amazing experiences with Flying Saucers while on active duty in the service. He has been speaking to capacity crowds wherever he goes. On Thursday, June 23, 1966, the personable Mr. Noel spoke to a standing-room only crowd at the Aeronautical Sciences Building on Beverly Blvd. in West Los Angeles. We hear that he is booked to speak at 57 colleges across the nation! Recently he appeared on the Louis Lomax TV Show, and has been heard on many radio shows. He leaves shortly for Mexico City, where he has been invited by an official government group to speak. He has been promised some interesting experiences by a local contactee there, and we look forward to hearing his report on his return! Good work, Mel, and good luck!

SID PADRICK, contactee from Watsonville, Calif., who spent two hours aboard a space craft, was recently in Los Angeles when he was guest speaker at the regular monthly meeting of the Inglewood Unit of Understanding on Saturday, June 25, 1966. Meetings are held on the 4th Saturday of every month at the Inglewood Business and Professional Woman's Club; 820 Java St., Inglewood, at 8:00 P.M. Donation is \$1.00. Information: Mrs. Roberta T. Forrester, Program Chairman; P.O. Box 146; Inglewood, Calif. 90306. Phone: 677-5214. Also, Mr. and Mrs. Lee Yates. Phone: 293-4743.

NEW AFSCA UNITS:

45. AFSCA Unit #45; Everett, Washington; Ray and Jean Sebring, Co-Directors; 1032 S.W. 126th St.; Seattle, Wash. 98146.
46. AFSCA Unit #46; Ben Blazs, Director; 3057 Electric; Lincoln Park, Mich. 48146.

Several other new AFSCA Units have been formed and will be listed in the next issue (#25). Persons interested in forming AFSCA Units in their cities should contact AFSCA Headquarters for information.

The Military-Industrial complex, by opinion-control through the use of psycho-politics (brainwashing by controlled news management).

Consider this: In order to survive, a commercial medium, such as a newspaper or magazine, requires a vast amount of advertising revenue. The mere subscription fees will not cover the costs. Thus, they depend for their continued existence upon money paid by advertisers. Suppose, then, that the editor of a certain newspaper decides that he is opposed to the Vietnam policy, and says so in his paper. The advertisers simply say to the editor, "Either you toe the mark and print what we want, or we'll withdraw our advertising."

Such pressures are a fact of life. The newsmen are torn between their higher devotion to Truth, and also to the lower level of their physical needs. Rather than jeopardize their security and their futures they, of course, submit meekly to power. Their actions are fully understandable, and we do not hold them responsible.

We throw the blame directly on the Military-Industrial complex which, by its underhanded dealing, threats of force, and economic pressure and retaliation, has crushed the spirit of American journalism and turned it from a dynamic motivating force in American life into a weak-willed, subservient mouthpiece for the power-masters. We blame them for the death of journalistic freedom and individuality!

One more comment on this topic: May I say that a better economic system is already known to the leaders of the Flying Saucer Movement. It is the system known as Universal Economics. As we have said over and over before, it is the non-money economic system which MUST be applied on your planet before you can start to resolve most of your major problems and thus begin to establish a highly-advanced, non-destructive state of existence on Earth, such as we of more advanced planets have enjoyed for so long. INVESTIGATE THIS SYSTEM to evaluate it for its merit — then ACT to apply it! YOUR VERY SURVIVAL AS A CIVILIZATION MAY DEPEND UPON IT!

Perhaps this is an opportune time to clarify a few questions which have been asked about us.

Do we of Korendor work with the local planets in our operations? Yes, we do cooperate with them a great deal. However, our work on Earth is relatively independent of the local planets. We have many times overstepped what is considered to be the limit of interference upheld by Venus, Mars, and other planets. This has caused a good deal of debate between them and us. Each time we have pointed out that we of Korendor are basically pragmatic in nature. Although we do respect the laws of self-destiny, we feel also that where stepping in is required to prevent disaster, it is our right and our duty to do so.

We have interfered in such places as the United States, China, Russia, and on a large scale in Vietnam. This has caused no end of consternation in the local Tribunal of Planets. We are sympathetic to their viewpoint, but we do feel that their policy is limited in its capacity to achieve the desired goals. It is our opinion that one cannot stand on the sidelines and achieve any noticeable results.

As I have said before, we have infiltrated your planet. We are directly involved in Earth's life. You might say that you have been invaded — a strong way of phrasing it, to be sure, but nonetheless factual, since we walk and work amongst you daily!

We have been asked about our physical appearance. We are humanoid, indistinguishable from yourselves, except that in our natural form we average three to four feet in height. Every other dimension is proportionately scaled, so that photographs of us would not reveal our origin in any way.

We are able to increase our height while on Earth through a technical process related to teleportation. It is concerned with recording the atomic and molecular structures of our bodies, and then reproducing them identically on a larger scale. Differences in our internal structure are adjusted by the computer which controls the reproducer.

Our most common skin color is a little darker than yours, although we have skin colors which vary as yours do all over the Earth. Usually, however, we would look "tan" to you. We are NOT green, blue, or heliotrope, as has been suggested!

Concerning our language, we generally use one of two tongues and we are fairly familiar with a third. On Korendor itself we speak the native language, Korendian. It is similar in many ways to your own languages since it, like yours, was originally derived from Galingua, one of the two universal tongues. The other is Solex Mal, which is more familiar to you, since it is used by your local Solar System planets. It is seldom heard now in our sector of space, as Galingua has replaced it almost completely.

Unlike your own, however, the Korendian-Galinguan speech is very rhythmic, and has few sibilant sounds, such as "s" or "z". Some of the sharper sounds like "c" and "k" are minimized. It is a beautiful language which is very musical and pleasant to hear.

Perhaps you would be surprised to learn that ancient Latin was liberally taken from Galingua. There are many similarities in the two languages. Even modern English has roots on other worlds!

In concluding my message to you, may I say — people of Earth: open up your minds and your hearts to the world around you. There is so much to be learned, so much to be discovered. Don't waste precious hours and days in bigotry and ignorance, and in senseless fighting and killing. To do so is truly a crime against nature and humanity.

At this stage where you have the very stars almost in your grasp, how irrational and barbaric it is to spend futile hours warring with your brothers. As an old saying on your world puts it: "As you make your bed, so shall you lie in it." The decision does not seem difficult. Here are the alternatives: A world living in harmony, justice, security and abundance for all, or a world continuing to reap the bloody harvests that grow from the seeds of hatred and mistrust. If left to their own devices, the majority of mankind will forge onward to a destiny of destruction and annihilation, oblivious to the danger in their actions. They are short-sighted; they care little for the future.

It is you New Age people, dedicated to the welfare of all mankind, and having the vision and understanding of the ways to build the better world of tomorrow, who must lead the way. You have the future in YOUR hands, if you will but shoulder your responsibilities. The Flying Saucer Movement, as you call it, belongs to you. Support it in every way possible. Help it to grow until it is influential throughout your world. Go out into the world and guide the misguided, find the lost, and recover the strays. We are behind you all the way. As we have said many times before, we will take two steps for every one that you take to help yourselves.

The time has come for nations to "bury the hatchet", to clasp hands, and plunge into the future together — in co-operation toward mutual goals.

Look to the heavens and realize that your destiny is not in bleak atomic desolation, but in the magnificent greatness that you can achieve if you will but work for it. Choose the right path and you will soon qualify to join with us in our journeys amongst the stars.

Va i Luce (Go in Light)."

OUR NEW NAME: Our magazine, formerly called "UFO International", has now become "Flying Saucers International", which we feel to be a more appropriate title, since Flying Saucers are no longer Unidentified Flying Objects as far as we are concerned. Flying Saucers have become a serious issue with thinking people all over the world. We believe that most of the objects which have been sighted have been of extraterrestrial origin, controlled by intelligent beings who, in form, are very much like us. Therefore, we hope you will understand our reasons for changing titles, and that you will continue to enjoy reading our publication under its new banner.

DR. RAYMOND BERNARD, founder of the Biosophical Society of Santa Caterina, Brazil, passed away on Sept. 10, 1965. He was the author of "The Hollow Earth" and several other books concerned with the hollow earth theory.

MARIA ELLIOTT, contactee, psychic and founder of Maria Creative Womanhood Foundation, was a recent guest on the Bob Grant Radio Show, and the Pamela Mason TV Show. Glamorous Maria now has her own program every Tuesday afternoon at 2:30 p.m. on KTYM radio. She may be seen in person every Wed. evening at Holland House Restaurant, 8:00 p.m. in the downstairs meeting room. An interesting program may be heard on New Age Topics, and free readings are given. For more information about Maria's appearances, classes, etc., phone 657-1631, or write: Dr. Maria Elliott; 1543 Sunset Plaza Drive; Los Angeles, Calif. 90069.

DR. GEORGE KING, founder of the Aetherius Society, was host at the official opening of the Society's new headquarters at 6202 Afton Place; Los Angeles, Calif. 90028; on March 5, 1966. After the program Dr. King personally escorted us around the attractive quarters. He also reported that a high Space Being in physical form had visited there recently for an hour and fifteen minutes and, after

walking around the premises, left his blessing on the Aetherius Society and its work. For further information call 465-9652, or write to the above address.

DELLA LARSON, who for over a decade was the guiding light and main instigator of Flying Saucer meetings and activities in the San Francisco Bay Area, passed away on October 25, 1965. She was 70 years old. She will be remembered for her energetic and enthusiastic dedication to the goals of the Flying Saucer cause, as well as for the highly successful annual Northern California Space Craft Conventions which she organized for nine years. (Della, we salute you!)

MAX MILLER, former publisher of the now-defunct "Saucers" magazine, and author of "Flying Saucers: Fact or Fiction" (now out of print), has a new role. He is now editor-publisher of "Real" magazine which may be found on the newstands for 50¢. The August '66 issue devotes about half of its space to the Flying Saucer subject and will be well worth your investigation.

WILBUR MILLER, one of the early researchers in the Flying Saucer Movement, passed away on March 5, 1966. He was known for his fine channel contacts with several Space Beings, including Monka of Mars. He also was the co-author — with his wife, Evelyn — of the book "We of the New Dimension." Although he was a native of Missouri he had, in recent years, been a resident of Los Angeles and of Morongo Valley, Calif. (Good journey, Will!)

HOPE TROXELL, founder of the School of Thought, now situated in Independence, Calif. (P. O. Box 458), reported recently that the neighboring towns of Bishop and Lone Pine had partial blackouts during an evening channel (teltpathic) session she was having with the Space Brothers. The lights in Independence went out completely for several minutes by a gradual fade-out, and then came on again in the same manner. During this time, the Space Being speaking through Hope said to those present: "Be not afraid. We are guardians of the race. Protection will be given to those in the area."

HAL WILCOX made a fine guest appearance on the Joe Pyne TV Show, April 30, 1966. Hal passed the lie-detector test with flying colors and conducted himself with dignity and fortitude, which isn't always easy on the Joe Pyne Show. During the test, Hal stated that he had taken a saucer ride to visit the second planet from the star, Alpha Centauri.

M. I. N. D. stands for Mental Investigations of New Dimensions, an organization recently formed by Wesley and JoNell Bateman. Their activities include meetings, courses and public appearances. They have demonstrated on several occasions for groups of up to 20 people, their ability to telepathically direct the movements of visible spacecraft overhead. Write: M. I. N. D.; 4916 Franklin Ave.; Hollywood, California 90027. Phone: 661-1731.

HELEN & GABRIEL GREEN contributed their bit to the education of nearly 300,000 young people to the saucer subject at the Teen-Age Fair, April 1 thru 10 at the Hollywood Palladium, where AFSCA had a booth to exhibit saucer photos, show slides, and to disseminate information. We handed out over 13,000 brochures and saucer photo post cards, and talked ourselves hoarse answering questions for 12 hours each day. Gabriel also made over a dozen radio and TV appearances and interviews during the Fair.

We also had another booth at the National Aviation and Aerospace Exhibition at the Pan Pacific Auditorium, May 17 thru 22. Yes, we've been busy!

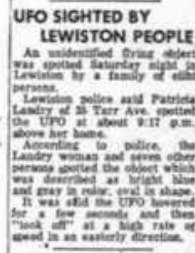

Tracked by Radar
UFOs Sighted Over Wide Section of District

An unidentified flying object was tracked briefly on radar by a U.S. Air Force base in Michigan last night, and a multitude of new sightings were reported by Western Ontario residents.

Woodstock. The mysterious objects came in a variety of forms, according to their observers.

Ontario sightings came from London and Barrie. Mrs. J. Fielding, of 1035 Oxford St. E., London, reported seeing a white light in the northeast sky, headed toward Stratford at 7:25 p.m.

Thornhill, a mother and her two children saw a white light, "quite high in the sky, that seemed to be blinking."

UFO SIGHTED BY LEWISTON PEOPLE

An unidentified flying object was spotted Saturday night in Lewiston by a family of eight persons.

Lewiston police said Patricia Landry of 35 Terr Ave. spotted the UFO at about 9:17 p.m. above her home.

According to police, the Landry woman and seven other persons spotted the object which was described as bright blue and gray in color, oval in shape.

It was said the UFO hovered for a few seconds and then "took off" at a high rate of speed in an easterly direction.

Not star, says collector of flying saucer photos

The director of Unit 46 of the Amalgamated Flying Saucer Clubs of America is not convinced that the object sighted in the skies over Port Dickinson Tuesday night was the star Arcturus.

Swamp gas still 'flying'

DETROIT — (UPI) — The U.S. Air Force closed its books today on the case of the "visits" by unidentified flying objects. It's verdict: swamp gas.

Six Teens Tell of 'Chase' by Buzzing, Lighted UFOs

Six piecicking Denver teen-agers reported Thursday night they were chased for an hour by unidentified flying objects in Daniels Park south of Denver in Douglas County.

The group was sitting around a fire they'd built inside when they heard "what sounded like a man walking on top of the shelter." The roof can easily be reached on foot from the slanting hillside.

SPACE AGE SONGS by Mollie Thompson

THE COCKEYED BALLAD

There's a cockeyed feeling in the world today
That power politics is here to stay.
But China, Russia and the U.S.A.
Boy—don't let them fool you!
Take a look at this world of ours,
Just one mud ball in the sea of stars.
Other planets have no color-bars,
'Cause they've got perspective.
Yanks and Ruskies put men into space,
But it's all a mad politician's race,
One-up-manship in this Year of Grace.
It makes you giggle.
The population stands and stares,
While men in capsules explore upstairs.
Why we can't even manage our own affairs!
Some cheek—colonization!
Besides, they've got people on Venus and Mars.
They got lads and lasses and ma's and pa's.
And they've got better transport than four-wheel cars.
Have you ever seen 'em?
Those Flying Saucers whisking through our skies
Must take some power to make them rise.
But government departments just hide their eyes,
And call them meteors!
With all the lies that they print and shout,
The general public's got its work cut out—
Figuring what it's all about.
But just you keep on trying.
I suppose you know why I'm telling you this,
So you won't shriek or shake your fist
When you discover Martians do exist!
They're real nice fellows.
I know, 'cause I met one a week ago!
His ship came down for an hour or so.
He talked to me, but then he had to go.
Real interested I was!
Got brothers on Venus and Saturn, it seems—
Fly their ships on magnetic beams.
They wear one piece suits—you can't see any seams;
But apart from that—they're just like us!

SPACE-TALK

The powers that be will tell us we're alone.
They'll tell us that in space we are unique;
On this little desert island we call Earth
The human race is just a kind of freak.
When we send our envoys into space
There'll be a smile upon this planet's face,
'Cause brother, right out there—I'm telling you,
There's another human race; it's very true!
They're a very, very peaceful crowd,
For they just never go to war.
And they cannot interfere,
This is by Universal Law.
The spaceman's message to us all
Is based on how to banish fear,
And if we only understand,
We will find it heaven here.
While we must rely on war,
We never will be happy here.
While this world's economy
Is based on hardship, strife and fear.
How do they live without a war
In their lands of milk and honey?
They don't need economy,
Because they don't use any money!
They cannot give us any ships,
So we must try and build our own.
But they are waiting right out there,
Oh, my friends, we're not alone!
How do they go at such great speed,
And vanish then without prediction?
Because they use free energy,
And there isn't any friction.
Brother have you seen their ships?
Sisters have you seen them glow,
As they dance and hover in the sky,
And make our fastest jets look slow?

NEW SAUCER PHOTOS: These remarkable photos of Flying Saucers were taken by Dr. Daniel W. Fry, President of Understanding, Inc., of P. O. Box 76, Merlin, Oregon 97532. Your editor enlarged them from the original 16mm color movie film. Spots on the photos are due to the extreme enlargement of scratches and dust spots on the film. Of special interest is the fact that the same type of craft was photographed near Merlin, Oregon in a wooded section, and again near Joshua Tree, Calif. on the desert.

Would You Believe—"Saucer" Visits Wichita?

By FRANK KENTLING
Bureau Staff Writer

An 11-year-old Wichita boy has joined the ranks of those across the nation who have reported seeing "flying saucers" during the past week.

Johnny Sparks said that early Friday morning he saw two "flying saucers" that made a humming noise and were bigger than cars. He is the son of Mr. and Mrs. Edwin Sparks, 214 N. Tropic.

There is the story the boy told it:

"I had been upstairs to my mother's room and then I heard this funny noise."

"It went hummmmmmm—like a flying top. I started to go back to bed when I heard it. Then I looked out the window and I saw it."

"I saw this flying object that people have been talking about. It had round ends and was spinning."

"It was bigger than a car and the colors were purple and red and orange and green."

"When I saw them at first, it was up in the sky. Then I saw them flying right by my window."

"It didn't look like it had any windows and it looked like an airplane. When it started landing it had legs and put them on the ground."

"The top part spun, but the rest didn't. It was like a big flat saucer. The top had something like a cap that kept going round and round."

"The second one looked just like the first one. The color was dark and the top came up. The other one just sat and spun. It was so scared to wake anyone up."

When it started landing I covered up my head."

When contacted at the home, Mrs. Thomas said that about 11 a.m. Friday Johnny came running up to her room nearly hysterical.

"He was crying that he had seen two flying saucers," she recalled.

Usually, Mrs. Thomas said afterwards, she had been dreaming of flying saucers and possibly heard the humming noise herself.

She said Johnny had told her that at first he thought it was a weird truck was moving into the driveway, but then the humming noise started.

Johnny evidently had spent a final night because of an aircraft that had been out of school Friday.

When asked if he could have been having a bad dream, Johnny replied: "I am certain I was awake because I had just had my pet rat. It had 11 babies. I got back into bed, but I didn't even have time to cover up before I saw them."

The boy estimated that each saucer stayed about five minutes, and his story did not vary with each repeated telling.

Mrs. THOMAS ADMITTED she was a little embarrassed about the sightings, but she did not doubt the boy's story.

Johnny said he never thought there was anything like flying saucers "until I saw them."

He said his mother said it might be the Air Force "playing a trick."

None of the neighbors reported anything unusual when told of the saucer sightings, and the police dispatcher who took his call had no reports.

HOWEVER, JOHNNY and his mother did point out something unusual.

Along the driveway lay pieces of concrete that were served as a reinforcement about the house's foundation.

Mrs. Thomas said she never noticed it breaking off until Friday. Forces were scattered into the driveway.

Also, said his mother, the driveway was.

Johnny said he was not anxious to reveal his sighting experience, but he hoped if they ever came back . . . and if somebody was in one . . . that they would be friendly.

Johnny said he was not anxious to reveal his sighting experience, but he hoped if they ever came back . . . and if somebody was in one . . . that they would be friendly.

Mrs. Thomas and Johnny examined "flying saucer damage." Concrete reinforcement sheeting was broken, and twisted.

Object In Sky Near Bloom'dale

Latest 'Flying Saucer' Report

BLOOMINGDALE—Two Bloomington residents reported last night to Van Buren county sheriff's deputies the sighting of an unidentified flying object north of this village.

Don J. Broun, 41, and James Melvin, also 41, said they were going north on the Bloomington-Alton road about 8 p.m. in the vicinity of the Bill Patrick farm, three and a half miles north of Bloomington, when they saw the object.

The boys said they observed an object in their right rear window, hovering in the air. They estimated the distance at from 200 to 300 feet from the road, and the height of the object from 100 to 200 feet.

The object was about the length of a car with a flat bottom and a rounded top such as a blimp, but it had no tail. There were three lights on the object, they said.

They described the lights as being one red light on each end of the object, which they took to be headlights, and one yellow light in the center of the object which they took to be a tail light.

They said they observed the object for about one minute, when it suddenly disappeared up at terrific speed. They said it did not seem to go in any direction, up, until they lost sight of it.

Planet Pluto Saucers Seen, Talked With?

By AUSTIN CONOVER

SUNSET STRIP—The invitation to the press read: "Several persons who have been contacted by messengers from outer space will be available Wednesday for interviews at 9000 Sunset Blvd." The "several" at the headquarters of World Harmony, Inc., turned out to be six, led by Lucille C. Price, president, who said she has not only sighted flying saucers but also communicated with the "humans" in space.

"We made it clear at the start that UFO (unidentified flying object) is not the right way to refer to the objects we have sighted because they are no longer unidentified."

Price said that space people have communicated with her in the English language "though a bit haltingly" and that one such communication was with people from the planet Pluto.

"We know these are from outer space," she said with a nod toward the other five signposts. "We know that they come to warn us against the spread of nuclear war to outer space."

"Like the one that glided the wise men at the time of the birth of Jesus, flying saucers are coming to warn us of the danger of nuclear war and to bring universal peace and harmony."

Price said that space people have communicated with her in the English language "though a bit haltingly" and that one such communication was with people from the planet Pluto.

UFO Sighting Reported Here

Not a Star -- Not an Aircraft, Says Louis S. Smith Family of North Bend

The Louis S. Smiths, who live on the CCC road, spent an interesting 10 minutes or so Thursday evening, April 7, as they used binoculars and a telescope to watch something in the sky which they were unable to identify except as an Unidentified Flying Object.

It was first seen by Phil, 13, a freshman at Mount St. about 10 p.m. "I was out walking the dog, and the first thing that attracted me was the bright light. I knew it couldn't be a star. Then I realized it was something."

Phil ran to the house and called his parents and his sister, Diane, 16. "I was out walking the dog, and the first thing that attracted me was the bright light. I knew it couldn't be a star. Then I realized it was something."

Phil said a telescope (his father's) was used to get a fairly good view of it. His father said he was unable to see it with the naked eye. He said it was quite a way from us, he said.

He was reluctant to guess how far away it was, but he said it was about 10 miles away. He said it was quite a way from us, he said.

He said that his son's sketch of the shape of the object was, "It appeared to be traveling from north to south," Phil said. "Sometimes it moved quite rapidly and was heading in the general direction of Baton Rouge, La."

Phil described it as somewhat saucer-like in shape (see his sketch) and of a blue-grey color in the moonlight, he said. "The object was very bright and seemed to radiate from that area on the object," he said.

Mr. Smith agreed on the brightness of the lighting but said he was unsure whether the color was illuminated by bright lights or whether they were very bright and seemed to radiate from that area on the object, he said.

Boy Is Burned By 'Flying Ship'

HAMILTON, Ont., April 4—A 13-year-old Hamilton boy has a curved burn on his hand his claims came from touching the "tail" of a self-propelled "flying ship."

Charles Cohen, 13, said the "ship" landed in a field behind his home on Upper Wellington Street Tuesday night.

Charles said he ran toward the "ship" and touched its tail. He said he was burned on his hand. He said he was burned on his hand.

Those Space People! Flying Saucers, Quakes Linked

By AUSTIN CONOVER

HOLLYWOOD—There is a definite correlation between earthquakes and sightings of flying saucers, a spokesman for the Mental Investigation of New Dimensions declared today in an exclusive interview.

Wesley H. Bateman, 40, of 409 Franklin Ave., which is the headquarters of the Mental Investigation of New Dimensions, said that the correlation between earthquakes and sightings of flying saucers is not only a pattern of flying saucer sightings after earthquakes and explosions of underground nuclear weapons, but also the reason for the interest of flying saucer people in the subject.

"First, let me point out that at the beginning of March, 1960, the Bureau of the Mental Investigation of New Dimensions declared today in an exclusive interview."

Boy Is Burned By 'Flying Ship'

HAMILTON, Ont., April 4—A 13-year-old Hamilton boy has a curved burn on his hand his claims came from touching the "tail" of a self-propelled "flying ship."

Charles Cohen, 13, said the "ship" landed in a field behind his home on Upper Wellington Street Tuesday night.

Charles said he ran toward the "ship" and touched its tail. He said he was burned on his hand. He said he was burned on his hand.

He described the object as being about the size of a car with a flat bottom and a rounded top such as a blimp, but it had no tail. There were three lights on the object, they said.

They described the lights as being one red light on each end of the object, which they took to be headlights, and one yellow light in the center of the object which they took to be a tail light.

They said they observed the object for about one minute, when it suddenly disappeared up at terrific speed. They said it did not seem to go in any direction, up, until they lost sight of it.

'The Thing' Sets Britons Speculating Anew

Hong Kong, 4-11-60

"The Thing" — or "Things" — returned to Hong Kong today and caused new speculation about a flying object which officials have failed so far to explain fully.

The Sunday newspaper News of the World — with a masthead circulation of about 7m — printed pictures on its front page of an object reported to have crashed in the New Territories, about 20 miles from Hong Kong, on April 10.

The new reported sighting — which was described as a "flying saucer" — was reported by one of the newspaper's reporters. The report said that the object was seen by a group of people in the New Territories, about 20 miles from Hong Kong, on April 10.

The object was described as being about the size of a car with a flat bottom and a rounded top such as a blimp, but it had no tail. There were three lights on the object, they said.

5 At Pierre Sight UFO

PIERRE (AP) — Five Pierre residents reported they viewed an unidentified flying object high in the skies over the Capital city about midnight Thursday.

They said they caught sight of a bright light in the sky which appeared for a time to be a star in the Big Dipper constellation. The light moved in a southerly direction.

The light object was moving so fast it was not visible until it was about 100 feet from the observers, they said. It took the object about five minutes to move from the Big Dipper constellation to the south.

They said the light appeared to be at a very high altitude, moved at tremendous speed and made no noise that could be heard from their vantage point.

Visible Again Lights in Sky

WESLEY H. BATEMAN

"The thing" was visible again in the sky today, according to reports of 13 communications in three counties in the last night in Western Michigan.

Wesley H. Bateman, 40, of 409 Franklin Ave., which is the headquarters of the Mental Investigation of New Dimensions, said that the correlation between earthquakes and sightings of flying saucers is not only a pattern of flying saucer sightings after earthquakes and explosions of underground nuclear weapons, but also the reason for the interest of flying saucer people in the subject.

"We Couldn't Live in Their Atmosphere"

New 'Fireball' Raises An Old Question: Do Flying Saucers Exist?

Californian, Who 'Talks' to Men
From the Stars, Says 'Yes';
Scientists Assail Air Force

By ELLIOT CARLSON
Staff Reporter of THE WALL STREET JOURNAL

They're back. The latest was sighted a few nights ago by residents and pilots in the northern tier of states and Canada. They described it as an orange fireball. The Air Force at first called it an unidentified flying object, but now thinks it was a meteor. Some other people called it a flying saucer.

Several people say they saw the fireball last Thursday night. An 11-year-old boy in Lorain, Ohio, says he watched it drop into the woods near his home. A woman in Elyria, Ohio, 10 miles away, claims she saw it plunge into a vacant lot across the street from her home. Others say they saw it streak into Lake Michigan. Scientists and police combed a 75-acre area near Pittsburgh after a woman there saw the object crash to earth "smoldering."

Despite these witnesses and search efforts, however, the thing has yet to be found. In this regard, it is like all other unidentified flying objects, or UFOs, which are mysterious because they are seen but never found.

Whatever it turns out to be—meteor, satellite, part, hoax, weather oddity or man from Mars—it appeared in a banner year for such objects, which almost disappeared from public consciousness following a rash of reports of flying saucers in the mid-1950s. "We've had more reports this year than in any year since 1957, when we had more than a thousand," says a spokesman for Project Blue Book, the Air Force program set up in 1948 to evaluate reports of the phenomena.

Visitors From Outer Space

Nobody knows what the objects are or where they come from, but there is no lack of theories—or of controversy. The Amalgamated Flying Saucer Clubs of America, Inc., is sure the "saucers" come from outer space. How do they know? The "space people" have told them.

Not only that, says Gabriel Green, who heads the California group, "space people give contactees information about life on other planets and solutions to insurmountable problems on our planet." One suggestion allegedly made to Mr. Green in 1960 by a visit from Alpha Centauri, a nearby star: Run for President as a write-in candidate. (He campaigned briefly, then decided not to run.)

The National Investigations Committee on Aerial Phenomena (NICAP), a private research organization in Washington, doesn't hold with that theory. "We reject reports of noble beings landing on earth to solve all our problems," says a spokesman. So men from Mars are a lot of bunk? Not necessarily, says the committee. It believes a Congressional investigation would prove that UFOs "are real physical objects . . . under the control of living beings." As an afterthought, the spokesman says: "There are a tremendous number of egomaniacs who have been able to appoint themselves experts in this field because it's so confused."

One man who's not confused at all is Charles A. Maney, professor emeritus of physics and mathematics at Defiance College in Ohio. Says the professor: "These objects are unquestionably from outer space." He bases his reasoning on the fact that the objects often interfere with local electrical circuits, indicating to him they have "a means of propulsion associated with magnetic fields."

"There's Nothing To It"

Such notions are scoffed at by astronomers, however. "All this is imagination outside the realm of science," says Donald H. Menzel, director of the observatory at Harvard. "I have examined Air Force cases and discovered that UFOs all have simple explanations in terms of well-known natural phenomena. There's not one case, but hundreds. Some are quite spectacular, such as reflections from ice crystals or bright stars, searchlights on clouds or high-flying spider webs. But to some people the existence of flying saucers is a matter of religious fanaticism," he says.

But Mr. Menzel reads more into the Air Force data than does the Air Force itself. Of the 9,786 UFO reports made to the Air Force since 1947, 873 remain classified as "unidentified," a spokesman says. He defines this category as containing sightings whose pertinent data can't be correlated with any known object or phenomena.

The spokesman quickly adds: "We have neither received nor discovered any evidence that proves the existence of intraspace mobility or extraterrestrial life and we continue to extend an open invitation to anyone who feels he possesses any evidence of such vehicles operating in our atmosphere." And he states: "No UFO report evaluated by the Air Force has ever given any indication of a threat to our national security."

The Air Force's approach disturbs some people, however. "The Air Force should admit there are natural phenomena taking place under our noses of which we know nothing," says I. M. Levitt, director of Fels Planetarium at the Franklin Institute in Philadelphia. He adds: "The Air Force is trying to explain something that isn't susceptible to explanation."

Robert Risser, director of the Oklahoma Science and Art Foundation planetarium at Oklahoma City, believes "the Air Force must have had its star-finder upside down during August," when several reports of flying saucers were ascribed by the Air Force to sightings of stars. "The constellations of Taurus and Orion weren't visible at the time the Air Force said the sightings were made. I think they made an error."

The whole problem, says J. Allen Hynek, chairman of the department of astronomy at Northwestern University and a consultant to the Air Force, is that the matter should be studied more thoroughly.

"Pressures to conformity in academic circles and fear of ridicule have slowed the study," according to Robert Hall, a sociology professor at the University of Illinois in Chicago.

"The possibility of life on Mars is an unpopular thing to consider these days," says Frank B. Salisbury, a professor of plant physiology at Colorado State University. At the risk of being unpopular, Mr. Salisbury told the fifth annual Space Conference this year that "there may be some natural explanation of these things, but a tentative possibility to be considered is that UFOs are spaceships from Mars."

Fueling the flying-saucer controversy has been the large number of reports from what many people consider reliable witnesses—pilots with technical backgrounds. Since 1947, more than 100 private, military and commercial pilots have reported spotting strange objects in the sky, according to one study.

Pinning down such reports is difficult, however. "Some of the boys did report things they couldn't identify a few years ago," says a spokesman for American Airlines. "But our pilots haven't made a report for years."

Nevertheless, "we have on file a great number of reports from pilots who don't want their names used but still want to tell somebody what they've seen," claims J. B. Hartant, Jr., president of the Aircraft Owners and Pilots Association. And he says: "I haven't drawn any conclusions myself, but I think we've certainly got a good mystery on our hands."

100 Watch UFO

Disc-Like Object Hovers, Rises
For Two Hours East of Kettle Point

By JIM ETHERINGTON
Free Press Staff Bureau

SARNIA — A revolving object, sighted in the sky east of Kettle Point last night, was watched for more than two hours by about 100 persons.

Lawrence Brossette, who operates a store on the Kettle Point Indian Reserve, said a motorist brought the object to his attention about 8 p.m. He said he looked at it through binoculars and could see red, blue, green and white lights flashing from the disc-shaped object.

Mr. Brossette said it remained motionless for about an hour flashing lights, then slowly began to rise. Cloud cover rolled in about 10 p.m., allowing only periodic sightings.

"I've never seen anything like this," he said. "We all saw it. It was low—about 200 or 300 feet off the ground to the east. Then it slowly began to move up."

Mr. Brossette said it could not have been swamp gas which was suggested as the cause of unidentified flying object sightings in the Detroit area last week.

"I've seen swamp gas lights. This was not the same," he said. "Besides there hasn't been any swamp gas lights around here since before the war."

Mr. Brossette said his brother, Jeffery, also reported seeing an object over Sarnia. This one stayed stationary for a short time then shot across the sky at a very high speed.

An officer in control operations at Selfridge Air Force Base, Mount Clemens, Mich., said the Canadian sighting was the fourth reported to him last night. The other three were from the Detroit area.

He said no radar reports had been obtained on any of the sightings.

Mr. Brossette reported jet planes in the area at one point while the group watched along the Lake Huron shore. But there was no possibility the object he saw was a jet.

In Michigan new reports of

UFO sightings were received Saturday night as far north as the tip of the "Thumb" in Lake Huron.

Odd lights were reported in the sky over Oakland County and the neighboring Detroit area. Others were reported westward in the Lansing area.

Dr. J. Allen Hynek of Northwestern University, scientific consultant to the U.S. Air Force said phenomena seen at Dexter and Hillsdale on the night of March 20 probably were the result of swamp gases.

Sheriff Douglas Harvey of Washtenaw County and civil defense director William Van Horn of Hillsdale County criticized Dr. Hynek's report. Van Horn said the swamp gas explanation was an attempt to "explain it away arbitrarily."

Flying Saucers Gain Proponent

N.Y. Daily News Dispatch

NEW YORK — The nephew of the late Dag Hammarskjöld has startled America's top science writers by telling them he believes that flying saucers exist and that they come from outer space.

Knut Hammarskjöld, whose late uncle was secretary general of the United Nations, spoke to a convention here of the aviation-space writers association.

Hammarskjöld also suggested that our space neighbors are becoming more and more interested in what people are doing on earth.

"The possible existence of neighbors in space will, if confirmed, create problems of legal, political and technical characteristics," he said.

Flying saucers mystery

PEOPLE in North Queensland are mystified by three separate reports of Flying Saucers.

The first report came from a 37-year-old banana grower, Mr. G. Pedley, who while driving a tractor through a neighbouring property on his way to his own farm, heard a loud hissing noise above the noise of the tractor.

Suddenly about 25 yards ahead of him, a blue-grey saucer shaped craft about 35 ft across, and 9 ft high, rose vertically to about 60 ft and travelling at a terrific speed headed off in a south-westerly direction.

On investigation, a nest of flattened reeds was found, the circle being about 30 ft in diameter and since then four other nests have been found close by, some of them newly made.

During the last eight months, no less than seven different sightings of Flying Saucers have been reported in the North Queensland press.

Hundreds of sightseers have flocked to the Horseshoe Lagoon in the Tully District during the last few days to view the circles which are partly hidden by dense scrub.

The RAAF has taken the reports seriously enough to ask for clippings from the news which will be examined, and any further flying saucer sightings from the area will be investigated.

STRANGE OBJECT OVER MT. WILSON

A-2 Los Angeles Herald-Examiner

There was something over Mount Wilson early today but it didn't catch the entire city napping.

Police and newspaper switchboards were flooded with calls describing the object variously as a "puff," a "greenish ball," a "flat oval green object with a long tail and a light at the end."

It was first sighted about 4 a.m. and remained in view for about half an hour.

A similar fireball was sighted about the same time from Sacramento and from Vandenberg Air Force Base, it was reported.

Vandenberg reported no launches during the preceding 24 hours which might account for the phenomenon and said radar

there picked up "no unusual activity" during the period.

An Air Force spokesman at Vandenberg said the Air Force's "Project Blue Book" office in Washington was investigating.

An observer at Mather Air Force Base near Sacramento theorized that the object may have been gas residue left from Nevada missile firings which reflected light.

Sgt. David Tellotson, of Hollywood division, said the object here appeared to be over Griffith Park. "It was a bright green splotch, elongated, and not blinking," he said.

The only solid fact emerging: A lot of people are up at 4 a.m.

Head Saucerer Believes
Martians Are Watching Us

Who's in All Those Saucers?

By Harold Scarlett

Was Jesus Christ a Martian? "It's hard to say," said Gabriel Green thoughtfully. Then he added that it certainly seems plausible. It's no trick at all to walk on water or ascend to the heavens if you have a Martian levitation belt around your waist and an anti-gravity beam to ride, Green explained.

Furthermore, he said, the Martians now visiting earth on flying saucers are trying to save the earth's people from their own follies — just as the Savior was.

Green can speak with some authority on these matters because, he says, he met and talked with a Martian once. Also a four-foot man from the Alpha Centauri star system. Also some other unearthly visitors.

SOMETIMES, HE said, he met these flying saucer crewmen by telepathic appointments. These were arranged through associates of his with telepathic talents.

"And once in a while," he said, "they would just call on the phone."

Green, who lives in Los Angeles, is the head saucerer — the president — of the Amalgamated Flying Saucer Club of America.

Not being too telepathic, we just called Green on the phone to interview him about the recent rash of flying saucer sightings around the country.

"It is a continuation of their efforts to enlighten us," Green replied in calm and cultured tones.

"The current series of sightings and landings, I understand, will increase. They are not going to go away, as some members of our government would like."

WHY DO THEY keep buzzing down here and scaring people?

"What with nuclear proliferation growing, it seems rather obvious that unless we start resolving the present problems facing mankind, we will destroy ourselves and perhaps some of the universe along with us," Green explained.

This is one of the primary reasons why the extra-terrestrials started making visitations in 1947, shortly after we developed this ability — to watch over us and if possible to impart their advanced scientific, technological and sociological knowledge to help us re-

From R. C., the Post, May 9, 1966

solve these problems before we destroy ourselves."

Green said he is trying to do his humble best to help them spread that message.

"The solutions they have given," he said, "deal primarily with resolving the motives for wars, expansionism and poverty. They hope to eliminate the have-not nations... through superior financing. They have an advanced economic system they call Universal Economics. The economics part of it is what I personally am trying to transmit."

HE SAID BRIEFLY, however, that the saucer clubs themselves are in an economic pinch that has prevented needed research.

Green said he runs the saucer club out of his own home, at 2004 North Hoover in Los Angeles, "to cut down on the overhead." He said there are clubs in 50 major U.S. cities and abroad, with a total of about 3,500 members. Houston has no club, he said, but he does have some interested Houstonians on his mailing list.

"We are a contact-oriented research group," he said, "meaning that many of our members have made actual

physical contact with crews of these craft."

Green said he has sighted 25 to 100 spacecraft around Los Angeles over the years and has met "half a dozen or so members of the crews."

BUT GREEN BELITTLED his own experiences.

"They're so insignificant it's hardly worth talking about them," he said. "Some of our members have actually been taken for rides in spacecraft."

"I certainly wouldn't turn down a ride if it were offered me. But they've never asked me."

Green said he met the Martians by appointment at a friend's home, and he looked "just like anybody you'd meet on the street." He was casually dressed, Green said, and wore a short-sleeved, shiny, metallic-looking shirt which he said would stop bullets.

All in all, a handsome chap, Green said.

"I felt his hair and it was quite coarse and worn in a V-shape down toward the center of the forehead," Green said. "But I rather doubt all Martians wear their hair alike, any more than we do."

HE SAID THE MARTIAN canals were really canals for distributing the short water supply from their polar regions, and that the two Martian moons are really artificial satellites just like the Russian astronomers have supposed.

Green said he had met the Alpha Centauri man several times — once in the Green home.

"He was dressed ordinarily and was about four feet tall, although this was unusual. Most of the reports of them are that they are normal height or larger," Green said.

"There was that space ship that landed near Albuquerque, for instance, with a crew of four men and five women. They were very beautiful, very well proportioned. Seven to nine feet tall."

Green said he had met other interstellar travelers but would "rather not go into the whole list."

Where did they park their space ships while they were visiting him?

"OH, SOMETIMES they actually park them — hang them up in the sky with a force field around them. Then they have an anti-gravity beam and levitation belts they wear around the waist to get on down to earth."

Through these, they can accomplish such miracles as walking on water and ascending into the heavens," Green said he is 41 and was a photographer with the Los Angeles Board of Education until he resigned in 1959 to try to help the spacemen save civilization.

Green said naturally he asked to take the spacemen's picture, but they refused and he asked by their wishes. "An associate of mine once tried to sneak a couple of flash pictures," he said, "but two times the flash gun wouldn't fire, even though the camera was in perfect working condition."

"THAT DEMONSTRATES the powers of the mind of these people. Just

GABRIEL GREEN
Head Saucerer

like Uncle Martin on 'My Favorite Martian.'

Green said he had never seen one of the unearthly beings beside his space ship. Then how could he be sure they weren't a hoax — practical — joking earthlings just putting him on?

"Oh, I wouldn't believe just anyone who walked up to me and said he was from Mars," Green replied.

"But if you get a call from the White House and were told President Eisenhower would meet you at a certain time on the corner of Hollywood and Vine, and you went there, and a man there who looked like the President called you by name, wouldn't you believe he was Eisenhower?"

Green said he once asked a spaceling to prove himself by disappearing.

"BUT HE REFUSED and told me to walk away," Green said. "He was on a balcony five floors high, and I walked down a hallway for three or four seconds and turned and looked back and he was gone. There was no logical place for him to go from that balcony."

Green believes the spacemen are undoubtedly friendly, just as they profess to be, or otherwise they could have destroyed the earth long ago.

"They say they want nothing from us but our friendship," he said. "They would never destroy us. This would be a violation of their code of life. They reverse all living things."

Apparently they do have lapses, though.

"There was one decision that if any nation on earth fires a nuclear warhead, it will fall back on the people who fired it," Green said. "I don't know what their latest decision has been."

HE EXPLAINED that he hasn't been in contact with a spaceman for two or three years now.

Green said people from many planets are visiting earth, and that accounts for the wide variety of flying saucers being sighted.

One of his favorites is the Venusian scout ship. That's the one about 50 feet in diameter with the three protruding semi-spheres on the bottom and the periscopes around the cabin.

Green said it is operational only within 5,000 to 10,000 miles of a planet's surface. He said it comes down from a cigar-shaped mother ship that parks up there. The mother ship can make interplanetary trips.

At this point we decided to end the interview. The long-distance line to Los Angeles had begun making an eerie whee-ee and then an ominous blip-blop-blop.

Maybe the Martians were listening.

"It's flying saucer-sighting time and I'm determined to see one!"

Saucer Sighting Report

DETROIT, MICHIGAN
MARCH 30, 1966

Five sightings were reported on Monday of unidentified flying objects, observed in the sky in the northwest Detroit area.

Southwest Precinct police station had three reports, Schaefer one, and Palmer Park, one.

On Monday, 7:20 p.m., 37-year-old Mike Woods, 4114 East, stated that he saw a very high object with white lights bearing north from the southwest, in the East-Van Buren Avenue area.

Eddie Cross, 17, 1740 Greenview and six companions, Robert Spallone, 15, 1743 Greenview, observed an object over Cross's home at about 8:20 p.m. Cross said that the UFO came from the west, appeared as a small white object with lights changing from the color red to green and then amber.

At 9:30 p.m., 31-year-old Michael J. Anderson, 12810 Virgil, saw something with white light traveling very fast near Virgil and Gladvale. He claims also to have seen it at the same time on Sunday night.

A 29-year-old man reported to the Schaefer precinct that he had observed something with red, yellow and green rotating lights at 11:17 p.m. Stewart Hall, 4549 Ashbaker, saw the object near his home, stating that it was visible for about a minute.

Karen Ellington, 17, 15587 Ladbroke, was walking to the front door of her home about midnight, when she noticed an object in the sky. It appeared to be about 150 yards away, according to the police report and about midsize over the John Lodge Expressway, near Livewood. It was approximately 500 feet in the air, 8 feet long with a red light on the left and a green light on the right.

Miss Ellington told police that the object stopped twice and lights started flashing. The object of travel was from the east to the west.

She said she had seen others around the first of May.

More than five million Americans claim to have seen something they believed to be a "flying saucer." And, about times as many people — nearly half of the U.S. civilian population — believe that these frequently reported flying objects, while not necessarily "saucers," are really not just a figment of the imagination.

These are the principal findings in a nationwide Gallup survey of the American people on this subject, when survey questions are translated in numbers of people.

Since late in the 1940's, reports and military officials have been investigating reports of reported sightings of unidentified flying objects, recent rash of sightings proved a Congressional hearing in 1954 and also the special survey.

How do typical Americans feel about flying saucers? How many people have "seen" them? They told us imaginatively. Do people believe there is life, as we know it, on other planets?

More than 130 Gallup Poll interviews have been conducted in typical American homes and women, people of all ages in all educational levels and every region of the nation. The latest of their statements views reveals the following:

First, almost everyone per cent has at least heard read something about flying saucers. For something as highly publicized as these objects this finding may, at first, seem unusual. However, terms of the history of the public awareness of other events or events, this figure is extraordinarily high. In 19

UFO Plays Tag With Deputies in 85-Mile Chase

BAVENS, O., April 17 (UPI)—Portage county sheriff's deputies followed a "bright circular" unidentified object Sunday from Atwater, O., to Fremont, Pa., a distance of 85 miles.

Deputies Dale Spaur and W. L. Neff were investigating a routine traffic accident at 3 a.m. when they were alerted by radio to be on the lookout for an object heading their way.

Spaur, an Air Force gunner during the Korean War, said they saw the object hovering over a circular object "about 30 to 40 feet in diameter traveled at speeds from 80 to 100 miles an hour."

"It was about 200 feet high, steel-like shell" and looked like a hot dog in the air and was extremely bright," Spaur radioed to the sheriff. He said it had a brilliant

light so bright he couldn't look directly at it.

Franklin and his crew reported the sighting to police who also viewed the object.

The two deputies were joined in the chase at East Palestine, O., just across the State line from Pennsylvania, by East

"It was a funny thing," Houston said, "but when the object moved in a straight line, it appeared to stop and wait."

Wilson said at one time Spaur

reported the object, which had something like an antenna protruding from the bottom, hovered above the cruiser in which Spaur and Neff were riding.

Wilson said that Spaur and Neff were questioned by an "Air Force colonel" in Freedom. (Air Force headquarters at Greater Pittsburgh Airport said it had no report on the UFO.)

"The chase lasted about 30 minutes and, in that time, the object was reported seen by at least six or seven other departments, both in Ohio and Pennsylvania," Wilson said.

Neff, a one-time Seabee, agreed with Spaur in the description of the object and said that it "had no wings."

"It was big enough to carry a man, and I got the feeling that it did," Hatfield

recommenced. Hatfield and one of his companions went to notify authorities, leaving two other men on guard. The strange object started smoking, burst into flames and burned, Hatfield reported.

Mysterious Sky Objects Have Texans in Dither

MENARD, Tex., May 17—Four-foot strip of what appeared to be tin and aluminum.

David Duncan, 28, with his doberman KORE in Menard, related these details:

Mrs. Ernest Lee, whose home is 3 miles southeast of Menard, spotted something hovering in the sky over her property at about 4:10 p.m.

Duncan and several friends tried to pursue the object, "one-shaped and silver looking," in a car and it appeared to be near the Salisbury community 3 miles south of Menard. As they drew near, however, it swept away at high speed.

J. W. Matley, a farmer in the Brice community 21 miles west of here, and three other men told of watching moments later as something "about 20 feet long, 4 to 5 feet wide and shaped like a cigar" plummeted to earth.

It bore no markings, they said, and appeared to have radio and about 30 small lights on the outside. It was really canals for distributing the short water supply from their polar regions, and that the two Martian moons are really artificial satellites just like the Russian astronomers have supposed.

World Flying Saucer Believers Convene

2-6-66

New York Times Service

LOS ANGELES, Calif. — The "urgent problem" of improving communications with the thousands of visitors from outer space who supposedly are circling the earth was afforded solemn deliberation here this weekend at a special convention of flying saucer buffs.

Among the nearly 300 delegates was a self-professed "interplanetary traveler" named Standing Horse, an Englishwoman who regularly issues mimeographed reports on her conversations with space travelers, a man who offered to book "group sightings" of flying saucers and a presidential candidate campaigning on the flying saucer ticket.

THE SPACE buffs, who assembled in a cavernous establishment called the Blarney Castle, weren't much impressed with Thursday's Soviet moon landing, but they were awed and confused by what they reported to be a sharp increase in flying saucers.

One delegate, Marianne Francis, warned that the sightings could mark the beginning of some "ominous changes" for the earth's population. But the convention chairman, Dr. Frank Stranges, said the "interplanetary visitors" would turn out to be "angelic creatures whose mission is to help mankind."

The delegates were generally well groomed, articulate men and women who could have blended into any PTA meeting. Many were heads of organizations whose members spotted and photographed "unidentified flying objects" and claimed to maintain telepathic communication with space travelers.

NEARLY ALL agreed that what they called the "flying saucer movement" was undergoing sharp expansion. Two delegates announced they were negotiating to purchase radio stations to help transmit their theories. Several flying saucer magazines and hundreds of books were on sale at the convention.

"These people are contactee-oriented," explained Gabriel Green, a serious young man who served as president of the Amalgamated Flying Saucer Clubs of America.

Flying Object Sighted in Illinois

NORMAL, Ill.—(UPI)—Several persons living on the same block here said they saw an unidentified flying object last night.

The object had four blinking lights, red, white, blue and green, proceeded north-easterly, hovered over a grove of trees, then returned southwesterly. The object was seen first by the Merle Simpson family, then others. They said it was flat and small.

2 SOUTH AFRICAN POLICEMEN REPORT SIGHTING OF 'SAUCER'

JOHANNESBURG, South Africa—South African police and scientists investigated Thursday a report that a flying saucer-type object had landed on a main highway near Pretoria, the country's administrative capital.

Two patrolling police officers reported seeing the flaming "saucer," about 30 feet in diameter, shortly after midnight. One of them, Koos de Klerk, said that the shiny copper-colored object resembled a giant spinning top.

The two men claimed that, as they approached the object, it took off silently at great speed with flames shooting out of its underside.

Scientists who examined the spot where the officers said that they saw the object are reported to have found that a six-foot wide section of the tarred road had been badly burned. Grass on either side of the highway, also was reported slightly scorched.

PC REPORTS 'I SAW 6 FLYING SAUCERS...'

DAILY SKETCH
Tuesday, May 17, 1966

POLICE CONSTABLE Donald Cameron made out a report last night and hoped the Chief Constable would believe that he really DID see six flying saucers.

Pc Cameron was at home on sick leave when he looked out a window and saw six glowing objects hovering in the distance. "I thought I was seeing things and called my wife," he said last night. "We watched them for about 30 seconds before they disappeared at speed towards Manchester."

"They were about a mile away. I could see them clearly even though it was a dull day. They were white and glowing."

"One was bigger than the others with a cup-shaped dome—obviously the mother ship. The others were oval," he added.

As he made out his report at his home in Chiltern-road, St. Helen's, Lancs, Pc Cameron said: "I suppose I will get some robbing from the lads, but that is not what worries me... It's what the Chief Constable thinks."

Many months will pass before the impact of the strange flying objects which dominated the North Jersey skies this week fades into memory.

The bright white disk that streaked across three counties and hovered periodically over the Wanauque Reservoir will provide an ample amount of conversation for weeks to come. Indeed, thousands of eyewitnesses know well the story of that mysterious terrestrial stranger.

Not that the tale of the flying saucer is over yet.

Investigators from the National Investigation Committee on Aerial Phenomena (NICAP) may arrive today in Upper Passaic County from Washington D.C. to probe the UFO sightings.

Dr. George White, an electronics expert, and Dr. John Pegano of Fort Lee will investigate the scene of the unidentified object and then report back to NICAP. Announcement of the impending study was made by Richard Hall, assistant director of NICAP.

Nightly Vigil

Police at Wanauque, the state's largest water storage basin, continue to maintain a nightly vigil at the headworks, in Ringwood Avenue and Westbrook Road to spot that weird disk of light which was seen as late as Thursday night making sharp dips and maneuvers over the reservoir.

It was Tuesday at 6:30 p.m. when residents, motorists, municipal officials, and police glanced up at the sky and began the first chapter of an aerial

mystery which has yet to be solved.

"Listen... this sounds crazy, but I saw something in the sky. Do you know what it is?" This was the question posed to the police at the North Jersey police radio hook-up in Pompton Lakes. The calls came in from Wanauque, Ringwood, West Milford, Paterson, Totowa, Wayne and Butler.

Astounded residents were searching for an explanation. Even the police were dumbfounded. They too saw the white oval hovering in the heavens from their patrol cars.

The UFO was described then as a white and garishly bright disk, two feet in diameter.

According to observers, the odd movements of the mysterious visitor was enthralling. Some felt as if it were "toying" with police, citizens and borough officials by performing dives almost into the reservoir; at times appearing "as if it were looking down" upon the spectators from a silent stationary position high in the heavens and by making neat right angles as if it were using the sky as a chalk board.

Made Several Stops

The UFO then made quick stops at various locations in the community: Lakeland Regional High School, the Houdaille sand pit, the overhead bridge in Ringwood Avenue... and then it disappeared.

Hours later at 1:15 Wednesday morning, it re-appeared over Wyckoff and five minutes later it was spied over the reservoir in Wanauque where police say it almost came to rest at the top of the 1,500 foot long Raymond Dam. It was gone at 4:15 a.m.

Police, reporters and residents saw the disk as it whisked over Wanauque and Ringwood both Wednesday and Thursday night.

The story of the mystic sky visitor is not without intrigue. The United States Air Force released a number of reports which August Roberts, a member of the International Intelligence on unidentified Flying Objects claims are "a whitewash."

Initially, when the object was first sighted, the Air Force said it was an official helicopter with a strong beacon. A few hours later Air Force jets were spotted by police flying over the Wanauque.

Experiment?

Roberts theorized the object "might possibly have been a government experiment in the creation of an anti-gravity machine."

As yet nobody really seems to know what the UFO was or where it came from. Some say it is a balloon, others, men from Mars.

But this is not the first time a UFO has been sighted over the Wanauque. Some 18 years ago Charles Capen, former chief engineer of the North Jersey District Water Supply Commission said he saw something that looked very similar to the object described in the newspaper.

Reservoir police claimed to have seen something "round and bright" two weeks ago, over Lilly Hill in Stonetown and Board Mountain near Sloatsburg Road, according to Charles Theodora.

Dean Noll, assistant engineer, for NJWSC does not believe that the UFO might have been a mysterious attempt to pollute the water supply. There are "easier ways," he said.

Thousands of interested persons are still lining the perimeter of the reservoir to catch a glimpse of the brilliant phantom that has, for the moment, vanished into the ether.

the sky, however had failed to make a return appearance Friday.

Since the sightings, Tuesday, both Wanauque and this borough have been overpopulated with television cameras, newsmen and the curious.

Eerie 1896 Sighting

By JIM HAZELWOOD

The so-called unidentified flying objects (UFOs) were the talk of the town for days in Michigan by at least 60 people, recall a bizarre story which appeared in The Tribune 70 years ago.

The date was Nov. 22, 1896, and it reported that many persons saw an "airship" flying over Oakland.

But this date was 18 years before the Wright brothers made the first successful heavier-than-air flight at Kitty Hawk.

Aerial balloons, however, had been known for decades.

The Oakland "airship" was the talk of the town for days and a number of other sightings were reported, from as far away as Red Bluff.

Although the original story said the craft resembled a "huge bird," later sightings described it as egg-shaped with lights at both ends.

It should be borne in mind that shapes of aircraft and estimates of altitudes were still guesses of the future when the following story, reproduced in part, was written.

"That a huge airship has been hovering over Oakland for the last few nights has in the minds of many been conclusively proven. A number of persons whose integrity is unquestionable have seen the strange navigator of the air and this number includes many whose skepticism has been pronounced.

"Last evening at about 7:30 o'clock, the passengers on an Alameda car were startled by the sight of a brilliant stream of light high in the heavens off in the direction of Hayward.

"The passengers distinctly saw the outline of an airship and watched its maneuvers high in the sky. The ship resembled a huge bird in its outline and seemed to rise and fall in its course. A light, streaming from the head of the ship, throwing a white stream of light for several hundred yards.

"As the outlines of the airship were plainly discerned, the passengers like the ship, car became greatly excited.

"The phenomenon had first been noted by a man who had been idly watching the heavens.

As soon as he perceived the light, he attracted the attention of the other passengers and all, intensely interested, watched the peculiar machine as it made its way through the sky.

"It was high in the heavens. It appeared to be of huge size. When first seen, it seemed to be floating over San Leandro. It moved rapidly, going at least 20 miles an hour. It shot across the sky in the northwest, then it turned quickly and disappeared in the direction of Hayward.

"Not only was the airship seen by the passengers, but many other residents of this city distinctly saw the brilliant light and the huge bird-like body floating in mid-air.

"None of the spectators were acquainted with each other and yet their stories are startlingly similar, agreeing as to time, direction of the airship, and description."

"These facts leave little doubt in the minds of many people that a successful airship has been invented and is navigating the heavens."

87 Coeds Observe 'Object'

HILLSDALE, Mich. (UPI)—A county civil defense director and 87 co-eds said today they watched an eerie, hovering flying object settle in a swampy hollow near a college dormitory last night.

William Van Horn, 41, Hillsdale county civil defense director for 18 years, said he watched the unidentified object through binoculars for three hours.

It was the second straight night a large number of witnesses reported seeing weird unidentified flying objects in Southern Michigan. Sunday night a dozen policemen and at least 40 other persons watched a similar object, guarded by four state ships, land in a swamp about 40 miles west of here near Ann Arbor, Mich.

SCIENTIFIC CONSULTANT

The Air Force announced it was calling in Dr. B. Allen Hynek, chairman of the Dartmouth Observatory at Hanover, N.H., and a scientific consultant to the Air Force's UFO study program, to investigate the rash of sightings.

Hynek will work from the Michigan Air Force Base at Mount Clemens, Mich., the Air Force said.

Van Horn said he joined the Hillsdale college coeds to watch the object. He said it emitted waning orange, red and white light and appeared to hover just above the swamp some 1,000 to 1,500 yards from the dormitory.

It was still there when he left about 1:30 a.m. today, he said.

"It was definitely some kind of vehicle," Van Horn said. He said it changed from orange to red, perhaps with a rotating light of some kind, and had a white light at one end.

"From all appearances it did not appear to be sitting on the ground as it moved back and forth across the ground," he said.

HYMANOPTERATORS

Thunderstorms lashed the area at Van Horn and the college girls watched from a second floor dormitory window. Police sent three squad cars but officers reported the object was not visible from the road.

Van Horn said he saw three similar objects in the air Friday night. He said William Vincent, coordinator of a team last in class of some 40 youth, had reported several UFO sightings in this area during the past 10 days.

Van Horn said he could not establish the object's shape.

"Through the glasses it was either round or oblong," he said.

"I think that what makes the light on these things change is that they are rotating in a circular motion."

Van Horn was called by girls at the dormitory. The co-eds reported the object alternately glowing red, white, blue and other colors.

They said it rose up and down, appeared to stop its ascent and sink again just when it was about to move into the glow from a nearby airport beacon light.

Its vertical and horizontal movements were too fast for any airplane, the girls said.

The announcement that Hynek was being called in came from Gettridge, a base near Detroit which does not comment on inquiries Monday about the object seen in a swamp near Ann Arbor.

ENCOUNTER WITH A SPACE SHIP

'I Know What I Saw'; Egg-Shaped Craft

By KEITH GEORGE

Newark Valley—Gary T. Wilcox is a young man

doggied by rumors.

People say his dairy farm has gone bust because nothing will grow on the land.

Others who meet him on the street express surprise, saying they heard he was in a New York City hospital suffering from radiation burns.

One story has it his land is under guard for government study and that there is a darkened patch in his pasture where nothing will grow.

The handsome, 28-year-old farmer says none of these tales is true.

But the strangest of all, and the basis for the rumors, is his encounter with a space ship and his talk with its eerie crew 17 months ago.

That happened, Mr. Wilcox says.

"I know what I saw for two hours. I was talking with them and even joking with them."

Mr. Wilcox touched the metallic, egg-shaped craft and heard its strangely garbled occupants explain in smooth English they were from Mars, he said. When he told them to get them a bag of fertilizer, as they requested, the ship lifted off the ground and was out of sight in seconds, he recalled.

In the weeks after he reported the incident to the Toga County Sheriff's Department, curious people visited his farm by the dozens.

They included men who said they were from government agencies and others who identified themselves as officials of the IBM Space Guidance Center in nearby Oswego.

But Mr. Wilcox, who professes he only wants to mind his own business and make a living, steered clear of such affiliations. He had the telephone removed from his dairy barn because it was ringing so often he couldn't keep up with the chores, he said.

If any responsible agency ever determined exactly what happened in that remote corner of his farm last spring, he has yet to hear about it.

Mr. Wilcox did not seem particularly happy to see a reporter show up at his farm one morning last week. He wasn't rude, either.

When the reporter arrived, to be a saucer-seer told Mr. Wilcox he had hitchhiked from Massachusetts to talk to him. Other saucer-seers face telephoned him and urged him to join their organizations.

But Mr. Wilcox, who professes he only wants to mind his own business and make a living, steered clear of such affiliations. He had the telephone removed from his dairy barn because it was ringing so often he couldn't keep up with the chores, he said.

If any responsible agency ever determined exactly what happened in that remote corner of his farm last spring, he has yet to hear about it.

Mr. Wilcox, who is unmarried and lives in the village, made and cared for the stock in the mornings. A man whose family lives in the hamlet of the 20-acre farm does the milking. Mr. Wilcox also owns a farm near Oswego where he grows feed crops, he said.

He gave the impression that he would like to believe the whole episode was a joke of some type, yet knows it wasn't. He said he doesn't eventually the explanation will be supplied, to him and the rest of the world.

"A man down in Berkshire says he saw something like this recently, too. I'm not the only one."

The two human-like creatures whose features were hidden under sunburns and hoods, may now have been space travelers, he said.

On his way home, the reporter stopped at a diner and invited flying saucer conversation from the waitress.

"That's where they saw it landed," she said, pointing out the window. "Right over the hill. I don't think he was stretching the truth. He's a reliable man and if he says he saw it, I believe him. They say there's a spot up there where he saw them grow because of the fact I was using."

GARY WILCOX

The farmer was in a hayfield, plowing down feed for the sometime snack of his six cows.

"I only have so much time to get this work done, as I can't stop," he said. "This is the kind of work you should be doing," he joked. "Telling cows at 90 cows and working at another job, too."

Mr. Wilcox has an afternoon and evening job as janitor at Berkshire School.

"I don't know where all these stories are coming from now. I thought it was all over last year, but now everybody is talking again."

"The best me is about me being in a New York City hospital with the radiation burns. People have said they heard it on the radio. I've never been in a hospital in my life."

"Then some woman put in the newspaper that there was no grass growing where that thing landed. There was never much grass there. But there's cows now."

"Nobody ever talked to me about these things. They just keep telling stories."

In answer to a question, Mr. Wilcox said his sighting of the mysterious craft and its crew and the widespread speculation over the report has not hurt his personal life.

"I just don't worry about it. I know what I saw and other people have seen things. I even thought somebody was playing a joke on me, but I saw it with the service for six years and saw even jet planes take off that fast."

If he had it to do over again, would he keep the incident a secret?

"No. I've got nothing to hide. I would report it. If I saw another one today, I'd do the same thing. Then people would say 'I'm crazy.'"

Mr. Wilcox, who is unmarried and lives in the village, made and cared for the stock in the mornings. A man whose family lives in the hamlet of the 20-acre farm does the milking. Mr. Wilcox also owns a farm near Oswego where he grows feed crops, he said.

He gave the impression that he would like to believe the whole episode was a joke of some type, yet knows it wasn't. He said he doesn't eventually the explanation will be supplied, to him and the rest of the world.

Two In County Claim They Saw 'Glowing' UFO

At least two Ventura County people saw a glowing object Wednesday night, shooting downward over the Point Mugu area.

Mrs. Marvin Miller of 194 Pacific St., Ventura, said today that she spotted the object at 8:35 p.m. Wednesday as she and her husband were returning from Los Angeles.

She said that the object as they were driving through Thousand Oaks. "It looked like an airplane in a dive at first," Mrs. Miller said, "but then I saw a glowing tail and sparks began to shoot off this discolored my eyes about an airplane."

At the same time, about 20 miles to the north, a Fillmore man saw what appeared to be a plane. "It was in a dive," said Alvin Caples of 825 Olive St., Fillmore.

Than 5 Million People They Saw Flying Saucers

This awareness score is one of the highest in the Gallup history of the Gallup Poll.

Are flying saucers a hoax? Philip Easter of Baltimore, Md., told one of our interviewers this story: "It was dark and I had just come out of a building. I looked up and saw this object hovering in the dark sky above me. It was very bright and stayed in about the same position for several minutes. At first I thought it was a planet, but I knew it couldn't be because of the way it moved."

Harold Borge tells of the time last June when he was driving through Topeka, Kansas:

"It was very late—about 11:30 in the morning. I saw this egg-shaped object in the sky ahead of me. It was extremely bright and I could notice a greenish hue. By the time I reached the car and got out, it had disappeared."

A New Jersey housewife was startled during the night recently:

"It was about three in the morning," she relates, "I was suddenly awakened by a very bright light outside. I got up and looked out the window. The whole area seemed to be lit up like a phosphorus fire. I could hear strange sounds, like the ringing of bells. I knew it sounds strange, but the next day several people about 20 miles away reported a similar experience and at almost exactly the same time."

* GALLUP POLL

Further analysis of these data shows that flying saucer sightings are not necessarily a group of certain population groups. Similar proportions of college educated persons, and those who have not gone beyond high school claim to have seen them.

Real or Imaginary? Are flying saucers real or imaginary? We asked this question, with surprising results. Although the Air Force claims that nearly all of the reported "saucer" sightings are easily explained, as meteors, weather balloons, swamp gases, planets, etc., more Americans think they are "real" than believe they are "imaginary." Forty-six percent for about half of the U.S. adult population hold this opinion, while 29 per cent describe them as "a figment of the imagination." The rest cannot make up their minds.

This represents quite a change in public attitudes toward the credibility of "flying saucers" since a Gallup survey conducted almost 20 years ago. At that time—shortly after the flying saucers were first called "saucers"—over half the nation's population held the opinion that flying saucers were a hoax or a figment of the imagination. In 1946, only 29 per cent of the nation's population held this opinion, while 46 per cent described them as "real."

Among those persons who believe flying saucers have a real explanation, that is, those who think they are "real," how do they describe them?

1) Experimental projects, Air Force tests

2) Actual vehicles from outer space

3) Burning gas, "swamp gas"

4) Meteors, shooting stars

5) Weather balloons

6) Supernatural revelations

Those who believe they are from outer space believe in 61 per cent.

Life on Other Planets? Do people who are living in the space age believe there is life, as we know it, on other planets?

Many scientific authorities believe that intelligent life must exist elsewhere in the universe, because the statistical odds are large that there are millions of planets in the universe enough like our own to support life, as we know it.

One person in every three (34 per cent) who participated in this survey said they "believe in the reality of flying saucers." Again, persons with the most education are most inclined to believe in the existence of intelligent life on other planets.

THE SHEROYAN PRESS, Monday, April 18, 1966

Buchart said it looked like "two table saucers put together."

Portage County Deputy Sheriff Dale Spear said he and his partner, W.L. Neff, "were close" to the object in separate cars and chased it 80 miles for an hour and a half. From near Ravenna to Conway, Pa., near Pittsburgh.

Spear said he clocked it at speeds up to 100 miles per hour. From the ground Spear said it looked like the head of a flashlight, about 40 feet wide and 14 feet high.

Spear said the lines of the object were very distinct. "Somebody had control over it," he said. "It wasn't just floating around. It can maneuver."

Sheriff Aides Chase A UFO; Were 'Close'

RAVENNA, Ohio (AP)—"We were close, closer than I ever want to be again," said a deputy sheriff who chased an unidentified flying object from Ohio into Pennsylvania.

Hundreds of persons in both states reported seeing the "bright and shiny" object early Sunday morning.

Police Chief Gerald Buchart of Mammia, about eight miles north of Ravenna, said he took a picture of the object from his front yard but the Air Force told him not to release it.
