PROJECT 10073 RECORD CARD

1. DATE
17 July 1957

2. LOCATION
Forbes.AFB, Kansas/Oklahoma City, Oklahoma/Ft Worth, Tex

3. DATE-TIME GROUP 1st sighting
Local 0350 AM
GMT 17/1050Z

4. TYPE OF OBSERVATION
☐ Ground-Visual ☐ Ground-Radar
☒ Air-Visual ☒ Air-Intercept Radar

5. PHOTOS
☐ Yes
☐ No

6. SOURCE
USAF A/C Crew

7. LENGTH OF OBSERVATION
not given

8. NUMBER OF OBJECTS
one

9. COURSE
not given

10. BRIEF SUMMARY OF SIGHTING
A blue light was seen in sky that stayed with a/c for 420 NM. Object was picked up by B-47 radar but could not be seen by ground radar.

11. COMMENTS
Identified as American Airlines flight 655. - H[illegible]

SCOPE INDICATING A RAPIDLY MOVING SIGNAL SOURCE; I.E. AN AIRBORNE SOURCE. SIGNAL WAS ABANDONED AFTER OBSERVATION. AT 1010Z AIRCRAFT COMDR FIRST OBSERVED A VERY INTENSE WHITE LIGHT WITH LIGHT BLUE TINT AT 11 O'CLOCK FROM HIS AIRCRAFT, CROSSING IN FRONT TO ABOUT 2:30 O'CLOCK POSITION, CO-PILOT ALSO OBSERVED PASSAGE OF LIGHT TO 2:30 O'CLOCK WHERE IT APPARENTLY DISAPPEARED. A/C NOTIFIED CREW AND ECM OPERATOR NR 2 SEARCH FOR SIGNAL DESCRIBED ABOVE, FOUND SAME APPROXIMATELY 1030Z AT A RELATIVE BEARING OF 070 DEGREES; 1035Z, RELATIVE BEARING OF 068 DEGREES; 1038Z, RELATIVE BEARING 040 DEGREES. AT 1039Z A/C SIGHTED HUGE LIGHT WHICH HE ESTIMATED TO BE 5000 FEET BELOW AIRCRAFT AT ABOUT 2 O'CLOCK. AIRCRAFT ALTITUDE WAS 34,500 FEET, WEATHER PERFECTLY CLEAR. ALTHOUGH A/C COULD NOT DETERMINE SHAPE OR SIZE OF OBJECT HE HAD A DEFINITE INPRESSION LIGHT EMANATED FROM TOP OF OBJECT. AT 1040Z ECM OPERATOR NR 2 REPORTED HE THEN HAD TWO SIGNALS AT RELATIVE BEARINGS OF 040 AND 070 DEGREES. A/C AND CO-PILOT SAW THESE TWO OBJECTS AT THE SAME TIME WITH THE SAME RED COLOR. A/C RECEIVED PERMISSION TO IGNORE FLIGHT PLAN AND PURSUE OBJECT. HE NOTIFIED ADC SITE UTAH AND REQUESTED ALL ASSISTANCE POSSIBLE. AT 1042Z ECM NR 2 HAD ONE OBJECT AT 020 DEGREES RELATIVE BEARING. A/C INCREASED SPEED TO MACH 0.83, TURNED TO PURSUE, AND OBJECT PULLED AHEAD. AT 1042½Z ECM NR 2 AGAIN HAD TWO SIGNALS AT RELATIVE BEARINGS OF 040 AND 070 DEGREES. AT 1044Z HE HAD A SINGLE SIGNAL AT 050 DEGREES RELATIVE BEARING. AT 1048Z ECM NR 3 WAS RECORDING INTERPHONE AND COMMAND POSITION

CONVERSATIONS. ADC SITE REQUESTED AIRCRAFT TO GO TO IFF MODE III FOR POSITIVE IDENTIFICATION THEN REQUESTED POSITION OF OBJECT. CREW REPORTED POSITION OF OBJECT AS 10NM NORTH WEST OF FT WORTH, TEXAS, AND ADC SITE UTAH IMMEDIATELY CONFIRMED PRESENCE OF OBJECT ON THEIR SCOPES. AT APPROXIMATELY 1050Z OBJECT APPEARED TO STOP, AND AIRCRAFT OVERSHOT. UTAH REPORTED THEY LOST OBJECT FROM SCOPES AT THIS TIME AND ECM NR 2 ALSO LOST SIGNAL. AIRCRAFT BEGAN TURNING, ECM NR 2 PICKED UP SIGNAL AT 160 DEGREES RELATIVE BEARING, UTAH REGAINED SCOPE CONTACT AND A/C REGAINED VISUAL CONTACT. AT 1052Z ECM NR 2 HAD SIGNAL AT 200 DEGREES RELATIVE BEARING, MOVING UP HIS D/F SCOPE. AIRCRAFT BEGAN CLOSING ON OBJECT UNTIL THE ESTIMATED RANGE WAS 5NM. AT THIS TIME OBJECT APPEARED TO DROP TO APPROXIMATELY 15,000 FEET ALTITUDE AND A/C LOST VISUAL CONTACT. UTAH ALSO LOST OBJECT FROM SCOPES. AT 1055Z IN THE AREA OF MINERAL WELLS, TEXAS, CREW NOTIFIED UTAH THEY MUST DEPART FOR HOME STATION BECAUSE OF FUEL SUPPLY. CREW QUERIED UTAH WHETHER A CIRVUS REPORT HAD BEEN SUBMITTED AND UTAH REPLIED THE REPORT HAD BEEN TRANSMITTED. AT 1057 ECM NR 2 HAD SIGNAL AT 300 DEGREES RELATIVE BEARING BUT UTAH HAD NO SCOPE CONTACT. AT 1058Z A/C REGAINED VISUAL CONTACT OF OBJECT APPROXIMATELY 20NM NORTHWEST OF FT WORTH, TEXAS, ESTIMATED ALTITUDE 20,000 FEET, AT 2 O'CLOCK FROM AIRCRAFT. AT 1102Z AIRCRAFT TOOK UP HEADING FOR HOME STATION. THIS PLACED AREA OF OBJECT OFF THE TAIL OF AIRCRAFT. ECM NR 2 CONTINUED TO D/F SIGNAL OF OBJECT BETWEEN 180 AND 190 DEGREES RELATIVE BEARING UNTIL 1140Z WHEN AIRCRAFT WAS APPROXIMATELY ABEAM

OKLAHOMA CITY, OKLAHOMA. AT THIS TIME SIGNAL FADED RATHER ABRUPTLY. 55SRW DOI HAS NO DOUBT THE ELECTRONIC D/F'S COINCIDED EXACTLY WITH VISUAL OBSERVATIONS BY A/C NUMEROUS TIMES THUS INDICATING POSITIVELY THE OBJECT BEING THE SIGNAL SOURCE.

See Item 44 of Radar Questionnaire for track plots of B-47 and UFO.

Maneuvers of object rule out balloons, astronomical bodies and meteors. Another (AF) plane in the area "playing tag" with the B-47?

See CAA report

SUBJECT: Request for Analysis - Electronic UFO Report

TO: AFCIN-4E4
ATTN: Capt. G. T. Gregory

FROM: AFCIN-4E1

DATE: 30 Oct 57 COMMENT NR 2
AFCIN-4E1a/V. D. Bryant/jc
72131/Bldg 263-D/Rm 14

1. This report is difficult to evaluate because there is such a mass of evidence which tends to all tie in together to indicate the presence of a physical object or UFO. With the exception of rather abrupt disappearance of returns on the electronic equipment and indication that the object traveled at relatively high speed, there are no abnormal electronic indications such as are usually present in reports of this type - extreme speeds, abrupt changes of course, etc. These abnormal indications are usually the basis for considering anamalous propagation, equipment malfunction, etc., as responsible for the "sightings".

2. The electronic data is unusual in this report in that radar signals (presumably emanating from the "object") were picked up. These intercepted signals have all the characteristics of ground radar equipment, and in fact are similar to CPS-6B. This office knows of no S-band airborne equipment having the characteristics outlined.

3. Since the type equipment on the ground (at "Utah") is not known, and since there are no "firm" correlation between the ground intercept and the sightings from the aircraft, it is impossible to make any determination from the information submitted. On the other hand, it is difficult to conclude that nothing was present, in the face of the visual and other data presented.

U. S. DEPARTMENT OF COMMERCE
CIVIL AERONAUTICS ADMINISTRATION
WASHINGTON 25

NOV 8 1957

Maj Gregory 4E

Brig. Gen. Harold E. Watson, USAF
Air Technical Intelligence Center
Wright-Patterson Air Force Base, Ohio

Dear General Watson:

This will acknowledge receipt of your letter, reference number AFCIN-4E4, dated October 7, 1957, in which you requested copies of the Civil Aeronautics Administration final report of investigation of two incidents involving commercial airliners and the sighting of unidentified flying objects, which had been previously reported in local newspapers.

The first incident mentioned occurred on July 22, 1957, near Amarillo, Texas, and involved Trans World Airlines' Flight No. 21. Subsequent investigation proved that the unidentified object was another aircraft which was displaying the proper navigation lights. The true identity of this aircraft was never determined, however, it is assumed that it was a U. S. Air Force KC-97 aircraft which was known to be operating in the area at the time of the incident.

The second incident mentioned occurred on July 17, 1957, near El Paso, Texas, and involved American Airlines' Flight No. 655. Investigation of this incident definitely established the fact that the unidentified flying object was American Airlines' Flight No. 966, which had previously departed from El Paso, Texas, en route to Dallas, Texas.

Since both incidents, referred above, have been determined to involve other aircraft, it is assumed that the above information will suffice for your records.

In accordance with your request, we are establishing a procedure whereby your organization will be informed of the results of all Civil Aeronautics Administration investigations involving civilian aircraft and the sighting of unidentified aerial phenomena.

Sincerely yours,

for Roy Keeley
Director, Office of Flight
Operations and Airworthiness
