I attach a letter from Section 40 which encloses a report of an unusual incident from 1957. I would be grateful for your views on what he says in due course. (there's no great hurry).

In the meantime I will speak to AHB (RAF) to see if they have any documents on the matter.

Section 40 has been pestering me for months about this & as yet I have not had time to delve into the b/g to this case. I have told him this. I suggest that we speak to AHB(RAF) to see if they know anything. Other than that I feel that we can do little.

MEMORANDUM

TO: Section 40
FROM:
DATE: 18 November 1988
SUBJECT: Handover - 18 November 1988

---

1. Section 40 Daily Express - Section 40 He rang about a UFO story going back to 1957. The Express has been contacted by a solicitor, Section 40, who claims that on 20 May 1957 two USAF jets based at RAF Manston were armed and ordered to fire on a UFO "the size of an aircraft carrier". Apparently the aircraft belonged to the 406 Fighter Wing and although based at Manston they were armed at Bentwaters. Section 40 says that Section 40 has had correspondence with Section 40 Sec AS 2a who deals with UFO's and that by coincidence Section 40 father was flight controller during the incident.
Section 40 is asking, apologetically, if there is anything in the story.
Action taken so far: Have attempted to contact Neville but he is away until next week. Have told Section 40 we cannot respond until next week. Have not told Section 40 that Section 40 is the man we are trying to contact.

~~Spoke~~ Section 40 AHB (RAF) who confirmed that Manston was under USAF control from 1 Dec 56 to May 58 ∴ all records of sorties from Manston are held by HQ USAF not by RAF. Records of Radar Stations 3. are not really held ∴ nothing held by PRO / AHB (RAF).

Section 40

1. Have you replied to Section 40 in writing? no
2. Have you spoken to Section 40 on the telephone? yes

The coincidence between your involvement and that of your father is irrelevant. I believe the best we can do is provide the standard line and indicate that we are checking historical records to establish whether such an event took place.
